COMBINED FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED JUNE 30, 2008 AND 2007:	
Statements of Financial Position	2
Statements of Activities	3–6
Statements of Cash Flows	7
Notes to Combined Financial Statements	8–15

## INDEPENDENT ACCOUNTANTS' REVIEW REPORT

His Eminence  
Francis Cardinal George, O.M.I.  
Archbishop of Chicago:

We have reviewed the combined financial statements of the Parishes — Archdiocese of Chicago (the "Parishes") as of June 30, 2008 and 2007, and for the years then ended, as listed in the foregoing table of contents, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these combined financial statements is the representation of the management of the Archdiocese of Chicago.

A review consists principally of inquiries of administrative personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

As discussed in Note 6 to the combined financial statements, effective June 30, 2007, the Parishes adopted Financial Accounting Standards Board (FASB) Statement No. 158, *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans — an amendment of FASB Statements No. 87, 88, 106, and 132(R)*.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying combined financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

*Deloitte & Touche LLP*

January 15, 2009

## NOTES TO COMBINED FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED JUNE 30, 2008 AND 2007 (See independent accountants' review report) (Amounts in thousands)

---

### 1. NATURE OF OPERATIONS

The Parishes — Archdiocese of Chicago (the “Parishes”) include the parishes, schools, and various shrines and oratories owned by the Archdiocese in Lake and Cook counties of Illinois. These sites minister to the spiritual, social, and educational needs of the faithful. They provide catechesis for people at all age levels — from young children to the elderly, as part of the educational ministry of the church. The Parishes’ fiscal operations include sacramental services, religious education training, formal preschool through 12th grade educational instruction, fund-raising, and investment of reserve funds. Operating support is derived primarily from parishioners’ contributions, tuition and fees, and fund-raising activities.

These combined financial statements only reflect the operations of the agencies and other organizations of the Catholic Bishop of Chicago, a corporation sole, that are identified above. These combined financial statements do not reflect the operations of the other agencies and organizations that also are a part of the Catholic Bishop of Chicago, a corporation sole.

### 2. SIGNIFICANT ACCOUNTING POLICIES

**Use of Estimates** — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents** — Cash and cash equivalents are defined as all highly liquid debt instruments with original maturities of three months or less (includes deposits with the Archdiocesan Pastoral Center (the “Pastoral Center”)).

**Building Fund Pledges Receivable** — From time to time, individual parishes solicit funds from parishioners to assist in the financing of parish capital projects. Management makes significant assumptions regarding the outstanding pledges and ultimate collectibility of these receivables. Actual results could differ from those estimates.

**Land, Buildings, and Equipment** — Parish buildings are carried at reported insurable value as of July 1, 1980, with subsequent major additions recorded at cost. Land associated with these properties is carried at the estimated fair market value at July 1, 1980, with subsequent additions recorded at cost.

Depreciation is computed using the straight-line method based upon the following lives:

Land and building improvements	20 years
Buildings (new construction)	50–75 years
Equipment, furniture, fixtures, and contents	25 years

**Asset Retirement Obligations** — Management records all known asset retirement obligations for which the fair value can be reasonably estimated in accordance with Financial Accounting Standards Board (FASB) Interpretation (FIN) No. 47, *Accounting for Conditional Asset Retirement Obligations — an interpretation of FASB Statement No. 143*. FIN No. 47 clarifies the conditional asset retirement obligation as it is used in FASB Statement No. 143, *Accounting for Asset Retirement Obligations*, and requires a liability to be recorded if the fair value of the obligation to retire an asset can be reasonably estimated. The Parishes have recorded a liability for asset retirement obligation of \$61,616 and \$60,585 in 2008 and 2007, respectively, and increased the carrying value of the related assets by \$1,031 in 2008.

**Asset Impairment** — Management reviews the carrying amount of long-lived assets whenever events or changes in circumstances indicate that impairment may have occurred in accordance with FASB Statement No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. The provisions under this statement include a requirement that long-lived assets be reviewed for impairment by comparing the future cash flows expected from the asset to the carrying value of the asset. In management's opinion, no impairment exists as of June 30, 2008 or 2007.

**Classification of Net Assets** — In accordance with FASB Statement No. 117, *Financial Statements of Not-for-Profit Organizations*, resources are classified into three classifications of net assets according to externally (donor) imposed restrictions:

*Unrestricted* — Net assets which are expendable for any purpose in performing the primary objectives of the organization.

*Temporarily Restricted* — Net assets whose use is limited by donor-imposed restrictions that either expire with the passage of time or can be removed by fulfillment of the stipulated purpose for which the donation was restricted. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the combined statement of activities as net assets released from restrictions. Temporarily restricted net assets as of June 30, 2008 and 2007 represent building fund pledges used to assist in the financing of capital projects for parishes.

*Permanently Restricted* — Net assets donated with stipulations that they be invested to provide a permanent source of income; such restrictions can neither expire with the passage of time nor be removed by fulfillment of a stipulated purpose. There are no permanently restricted net assets as of June 30, 2008 or 2007.

**Fair Value of Financial Instruments** — The carrying amounts of accounts receivable and accounts payable approximate their fair value, as they are short-term in nature. The carrying values of deposits and loans with the Pastoral Center approximate their fair value.

**Revenue Recognition** — Unconditional promises to give cash and other assets to the Parishes are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the contribution is received. Cash received through parish collections or fundraisers is recognized when received. Tuition and fees for educational activities are recognized during the related academic year.

**Contributed Services** — Support arising from services contributed by religious personnel in parish schools totaling \$102 and \$327, during 2008 and 2007, respectively, has been recognized in the combined financial statements as both income and expense. The amounts recognized represent the difference between stipends paid and comparable compensation that would be paid to lay personnel.

**Tax Status** — The agencies that comprise the Parishes are tax-exempt organizations under Section 501(a) as organizations described in Section 501(c)(3) of the Internal Revenue Code.

**Recently Adopted Accounting Pronouncements** — In September 2006, the FASB issued FASB Statement No. 158, *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans — an amendment of FASB Statements No. 87, 88, 106, and 132(R)*. As disclosed in Note 6, the Parishes have adopted the provisions of FASB Statement No. 158 that require the Parishes to (1) recognize on its combined statements of financial position the overfunded or underfunded status of its postretirement plans as the difference between the fair value of the plan assets and the accumulated postretirement benefit obligation, (2) recognize the actuarial and experienced gains or losses and prior service costs or credits as a component of unrestricted net assets, and (3) measure the funded status of the plan as of the date of its year-end statement of financial position.

**Recently Issued Accounting Pronouncements** — In September 2006, the FASB issued FASB Statement No. 157, *Fair Value Measurements*. In order to address the diversity in practice that exists due to the different definitions of fair value and the limited guidance for applying those definitions, this statement defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. FASB Statement No. 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB Statement No. 157 is effective for years beginning after November 15, 2007, although early adoption is permitted. The Parishes are assessing the impact the application of FASB Statement No. 157 will have on its combined financial statements.

In February 2007, the FASB issued FASB Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities — Including an amendment of FASB Statement No. 115*. FASB Statement No. 159 permits entities that elect the fair value provisions of FASB Statement No. 157 to choose to measure many financial instruments and certain other items at fair value. It also provides the opportunity to mitigate volatility in reported earnings, caused by measuring related assets and liabilities differently, without having to apply complex hedge accounting provisions. Accordingly, unrealized gains and losses on items for which the fair value option has been elected will be reported in earnings. FASB Statement No. 159 is effective for years beginning after November 15, 2007. The Parishes are assessing the impact FASB Statement No. 159 will have on its combined financial statements.

In June 2006, the FASB issued FIN No. 48, *Accounting for Uncertainty in Income Taxes — an interpretation of FASB Statement No. 109*. This interpretation clarifies the accounting treatment for uncertainty in income taxes recognized in an organization's financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes*. This interpretation prescribes a recognition threshold and measurement attributes for the financial statement recognition and measurement of a tax position taken or expected to be taken on an income tax return. FIN No. 48 is effective for the Parishes fiscal year ending June 30, 2010. The Parishes are assessing the impact, if any, the application of FIN No. 48 will have on its combined financial statements.

**3. DEPOSITS WITH ARCHDIOCESAN PASTORAL CENTER**

Deposits at June 30, 2008 and 2007, consisted of the following:

	<b>2008</b>	<b>2007</b>
General savings	\$ 107,309	\$ 106,532
Endowment funds	66,767	65,019
Investment accounts	<u>15,004</u>	<u>15,619</u>
Total	<u>\$ 189,080</u>	<u>\$ 187,170</u>

Investment income for the year ended June 30, 2008 and 2007, is as follows:

	<b>2008</b>	<b>2007</b>
Interest income on savings and investment accounts	\$ 4,106	\$ 4,289
Realized/unrealized gain on endowment funds	<u>2,109</u>	<u>11,464</u>
Total	<u>\$ 6,215</u>	<u>\$ 15,753</u>

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position and in the statements of activities.

**4. BUILDING FUND PLEDGES RECEIVABLE**

As of June 30, 2008 and 2007, the Parishes have remaining uncollected unconditional pledges totaling \$27,682 and \$26,253, respectively. For measurement purposes at June 30, 2008 and 2007, a 2.875% and 4.875%, respectively, discount rate was used to determine the present value of the pledges receivable.

Aging and valuation of the building fund pledges receivable at June 30, 2008, are as follows:

	<b>Unrestricted</b>	<b>Temporarily Restricted</b>	<b>Total</b>
Due in less than one year	\$ 13,192	\$ -	\$ 13,192
Due in two to five years	<u>          </u>	<u>17,202</u>	<u>17,202</u>
Gross building fund pledges receivable	13,192	17,202	30,394
Less allowance for uncollectible pledges	(660)	(860)	(1,520)
Less discount to present value	<u>          </u>	<u>(1,192)</u>	<u>(1,192)</u>
Total building fund pledges receivable — net	<u>\$ 12,532</u>	<u>\$ 15,150</u>	<u>\$ 27,682</u>

## 5. COMMITMENTS

At June 30, 2008 and 2007, contractual commitments on construction in process amounted to \$18,170 and \$48,528, respectively. There were no purchases pending at June 30, 2008 and 2007.

The Archdiocese has entered into contracts with third parties to purchase substantially all of its natural gas needs until April 2011 and electricity needs until December 2009.

## 6. RETIREMENT BENEFITS

**Employee Benefits** — The Archdiocese of Chicago has noncontributory pension plans covering substantially all priests and eligible lay employees of the Pastoral Center, Parishes, and participating agencies. The lay employees' plan provides retirement benefits (over and above normal Social Security benefits) based on length of service and annual salary. The priests' plan provides level benefits at normal retirement (age 70) and also covers disability prior to retirement. Priests are also able to participate in a defined contribution plan with a match funded from the Priests' Retirement & Mutual Aid Association (PRMAA) assessment. During 2007, the lay employees' plan was amended, effective July 1, 2007, to freeze benefit accruals and participation as of that date.

Parishes are assessed for fringe benefits by the Pastoral Center based on the parish payroll. The assessment for these costs was \$19,767 and \$18,049 for 2008 and 2007, respectively.

Parishes are also assessed for health and medical benefits related to priests by the PRMAA. The assessment for these costs was \$7,448 and \$6,935 for 2008 and 2007, respectively, and is reflected in parish operations — salaries, wages, and benefits on the combined statements of activities.

Since the pension plans cover many agencies, benefit and asset information applicable to the Parishes is not available. The Pastoral Center has recorded the total minimum pension liability on its combined statements of financial position. The Parishes are responsible for their related costs. This liability may be transferred to the Parishes in the future.

On June 30, 2007, the Parishes adopted FASB Statement No. 158, which requires the recognition of any unfunded or overfunded liability on the statement of financial position. For postretirement plans, FASB Statement No. 158 requires the recognition of the unfunded accumulated postretirement benefit obligation. Prior to the adoption of FASB Statement No. 158, the accrued cost was recognized on the combined statement of financial position. Because the accrued cost is less than the accumulated postretirement benefit obligation, the Parishes recorded an expense of \$25,433 in the combined statement of activities in 2007 to reflect the increase in postretirement benefit liability.

**Postretirement Benefits** — Certain insurance (medical, life, and auto) and other aid are provided to retired priests. Retired priests do not contribute to the cost of these benefit plans, and the plans are currently not funded. These benefits are administered and partially funded through the PRMAA.

Summary information for the priests' postretirement benefit plan at June 30, 2008 and 2007, is as follows:

	<b>2008</b>	<b>2007</b>
Change in benefit obligation:		
Benefit obligation — beginning of year	\$ 66,280	\$ 57,418
Service cost	1,611	1,395
Interest cost	4,116	3,643
Actuarial losses (gains)	(3,795)	6,600
Benefits paid	<u>(2,856)</u>	<u>(2,776)</u>
Benefit obligation — end of year	<u>\$ 65,356</u>	<u>\$ 66,280</u>
Change in plan assets:		
Fair value of plan assets — beginning of year	\$ -	\$ -
Employer contributions	2,856	2,776
Benefits paid	<u>(2,856)</u>	<u>(2,776)</u>
Fair value of plan assets — end of year	<u>\$ -</u>	<u>\$ -</u>
Funded status — end of year	<u>\$ (65,356)</u>	<u>\$ (66,280)</u>
Net accrued benefit cost	<u>\$ (65,356)</u>	<u>\$ (66,280)</u>
Amounts recognized in the combined statements of financial position — accrued postretirement cost	<u>\$ (65,356)</u>	<u>\$ (66,280)</u>

The components of net periodic benefit cost for the years ended June 30, 2008 and 2007, are as follows:

	<b>2008</b>	<b>2007</b>
Components of net periodic benefit cost:		
Service cost	\$ 1,611	\$ 1,395
Interest cost	4,116	3,643
Recognized net actuarial loss	<u>1,292</u>	<u>924</u>
Total net periodic benefit cost	<u>\$ 7,019</u>	<u>\$ 5,962</u>

The postretirement plan items not yet recognized as a component of periodic postretirement cost, but included as a separate charge to net assets during 2008, are as follows:

Actuarial gain arising during the period	\$(3,794)
Reclassification adjustment for recognition of actuarial loss	<u>(1,292)</u>
Total recognized as a separate charge to net assets	<u>\$ (5,086)</u>

The postretirement plan accumulated net actuarial loss not yet recognized as a component of periodic postretirement cost but accumulated in unrestricted net assets as of June 30, 2008 and 2007 are \$20,347 and \$25,433, respectively. An estimated \$928 of net actuarial loss will be included as a component of periodic postretirement cost in 2009.

Actuarial assumptions for the plan as of June 30, 2008 and 2007, are as follows:

	<b>2008</b>	<b>2007</b>
Weighted-average assumptions used to determine benefit obligations as of June 30:		
Discount rate	6.75 %	6.36 %
Expected return on plan assets	N/A	N/A
Rate of compensation increase	N/A	N/A
Weighted-average assumptions used to determine benefit cost for the years ended June 30:		
Discount rate	6.36 %	6.50 %
Expected return on plan assets	N/A	N/A
Rate of compensation increase	N/A	N/A

For measurement purposes, a 9% net health care trend rate was used for fiscal year 2008. Trend rates were assumed to decrease gradually to 5% in fiscal year 2017 and remain at this level beyond.

Benefits paid in fiscal years 2008 and 2007 of \$2,856 and \$2,776, respectively, have been recorded in the PRMAA financial statements. The excess of total postretirement benefit expense over such benefits paid (\$4,163 in 2008 and \$3,182 in 2007) has been recorded in the Parishes' combined financial statements.

The PRMAA expects to contribute \$3,012 to its plan in 2009.

The following benefit payments, which reflect expected future services, as appropriate, are expected to be paid:

2009	\$ 3,012
2010	3,149
2011	3,349
2012	3,502
2013	3,653
2014–2017	22,666

## 7. TRANSACTIONS WITH RELATED PARTIES

**Archdiocesan Assessments** — Each parish is assessed annually from the Pastoral Center for the support of Pastoral Center activities. This assessment is computed as 10% of operating revenue from two years prior. For example, the 2008 assessment is 10% of 2006 operating revenue. Archdiocesan assessments were \$23,066 and \$22,476 in 2008 and 2007, respectively.

**PRMAA Assessments** — Each parish is assessed annually from the PRMAA to reimburse the PRMAA for health and medical benefits for current and retired priests. This assessment is computed as 3.5% of prior-year ordinary income. PRMAA assessments were \$7,448 and \$6,935 in 2008 and 2007, respectively, and were recorded in parish salaries, wages, and benefits.

**Sharing Christ's Gifts Assessment** — The purpose of the Sharing Christ's Gifts Campaign is to raise funds for the capital, endowment, and ministerial needs of the Parishes. As part of the campaign, the Parishes will provide 20% of their ordinary income (defined as total revenues from parish operations) for the fiscal year prior to their participation in Sharing Christ's Gifts. The portion of funds to be shared will be remitted to the Pastoral Center and used to support various Archdiocesan-wide capital projects (e.g., grants to support Archdiocesan programs at needy parishes, priests' retirement home, repairs at University of St. Mary of the Lake) and pay for the primary expenses of the campaign. The Parishes have recorded sharing amounts due to the Pastoral Center in the year that the campaign was commenced. Included in accounts payable is the net amount due to the Pastoral Center related to prior year and current year Sharing Christ's Gifts assessments totaling \$245 and \$543 at June 30, 2008 and 2007, respectively.

**Insurance Program** — The Parishes participate in a self-insurance program coordinated by the Archdiocese of Chicago. In the event that the Parishes withdraw from participation in the program, amounts may be payable to the Archdiocese of Chicago for residual liabilities relating to historical claims experience or for claims incurred but not yet reported.

**Grants** — Certain parishes receive financial assistance from the Pastoral Center.

**Deposits With and Loans From Archdiocesan Pastoral Center** — Generally, deposits bear interest at rates that are contingent upon the amount and availability of the deposit. During 2008 and 2007, the interest rates paid on deposits ranged from 1.25% to 5.10%. and 1.25% to 5.30%, respectively. The Parishes may invest in pooled investment accounts that are in various equity and bond investments and whose returns are dependent upon market conditions. The estimated fair values of equity securities that do not have readily determined fair values, and of other investments, are based on estimates provided by external investment managers and are examined through a valuation review process performed by management. A range of possible values exists for these securities, and therefore, the estimated values may differ from the values that would have been used had a ready market for these securities existed. Loans bear interest at rates below the prevailing commercial interest rates.

**Parish and School Endowments** — The Parishes can invest in board-designated as well as donor-restricted endowment funds. These endowments are invested in equity and bond securities and their returns are based upon market conditions.
